

Seven File To Run For Three Council Posts

Chamber O. K's Open Bow Season

The Grayling Chamber of Commerce, in its regular monthly session at the Court House last Friday night, unanimously passed a resolution calling for the inclusion of Crawford County in House Bill 158 which is being sponsored by Representative Emil Peltz.

The bill as it now stands would open Gogebic, Oscoda, Montmorency and Roscommon counties to bow and arrow hunters from October 1 until November 10 for deer of either sex.

The bill was offered to the Chamber Friday night by Dr. R. A. Van Vleet, who told the Board that he had spent the past fifteen days cutting cedar boughs for the starving deer and said that many were now dead and many more in danger of death, due to overstocked deer yards.

He quoted figures released from Wisconsin where last year 49 of the state's 71 counties were open for deer of either sex to bowmen for 45 days. Nearly 750 out of 8,000 total number that took 254 deer which were about evenly divided as to sex, Dr. Van Vleet told the Board.

According to Wisconsin game men, only 26 deer were wounded, of which 22 were later tracked down and found dead. There were no hunters killed or wounded.

In view of the over-population and resulting deaths over the winter, members of the Board felt that the County would definitely benefit from an influx of bow and arrow hunters, while the deer herd would not be materially hurt.

The Secretary was instructed to write Representative Peltz to the effect that the Board favored the bill and would like to see Crawford County included. The question is also to be brought before the Grayling Sportsmen's Club at its meeting this week.

Arthur Clough, the Chamber's general chairman on Winter Sports activities, made his final report. He went over the season and pointed out errors that had been made and made certain recommendations for next year's operation.

He was given a vote of thanks by the Board for his efforts on the snow and ice carnival. Although his recommendations were only for the Board to consider, one especially seemed to meet with approval.

He suggested that the Chamber head up next year's effort but attempt to get more of a community participation by inviting the various organizations of the city to each undertake a part of the fair. He suggested also that a joint meeting be held in the near future with the Parks Division of the Conservation Department in an effort to formulate plans early in the year for next year's carnival and winter season.

Ralph Morse, owner and operator of Sky Line, the ski center located six miles south of Grayling, was in attendance at the meeting and told of his operating experience for the past two winters and the plans for next year which include two more ski towns and two more ski slopes.

Morse told the directors that if he were able to have both the new towns and slopes ready by next season, that the club would handle the largest ski crowds in Michigan. He added that he thought because of the slope and snow conditions at the club that the center would eventually be drawing skiers from three states. He pointed out that the club had no plans now nor never would to erect housing concessions or a restaurant at the ski center. He said that the places of business of that nature in Grayling had adequately handled the crowds of this year, which he estimated spent considerable during the winter.

To Hold X-Ray Clinic

The Michigan T. B. Association and District Health Department will have a Chest X-Ray Clinic at the Court House in Roscommon, Thursday morning, March 27, 1947. If you have been in contact with T. B. or have had a positive tuberculin test, you should have an X-ray.

Patients are referred to the Clinic by family physicians. Re-rays are \$2.00, first X-rays are free.

FINAL RITES READ FOR CHARLES FORD

Funeral services were read by Rev. R. C. Puffer on Friday, March 14, at 2:00 in the afternoon, at the St. Joseph's Funeral Home for Charles Ford. A. J. Joseph, Holger Hanson, John Selesky, Clarence Johnson, Christ Johnson and Theodore Callahan were pallbearers and interment was in the Elmwood Cemetery.

Mr. Ford, a 68-year-old resident of Grayling, passed away at Mercy Hospital, Tuesday, March 11, following a heart attack. The date of his birth is uncertain, but it is thought that he was approximately 77 years old. He was born in England and came to this city when but a boy of 15 or 16 years of age.

The deceased was never married and his only survivors are his nephews, Oliver and Joseph Ford, of Lansing, and Paul Ford of Highland Park, who, with Mrs. Paul Ford, were present for the final rites.

Name Child Group Officers

Franklin Hills was elected as Chairman of the Crawford County Youth Guidance Committee at the annual meeting held at Shoppenagons Inn last Saturday noon.

Mrs. R. C. Puffer was named Secretary and former chairman Arthur Clough was elected Treasurer. E. Gordon Geyer, field representative of the Michigan Youth Guidance Commission, was in attendance at the meeting and spoke to the group.

The local committee is made up of one member from the Lions, Kiwanis and Woman's clubs, the Chamber of Commerce, the American Legion, and Veterans of Foreign War Posts.

County Health Program Lauded

The following article was published in the February, 1947 State School Commissioner's Bulletin and gives the Crawford County health program for school children a real commendation:

Crawford County from the standpoint of numbers is about the smallest county in the state. The property valuation and school census are close to the bottom of the list. They maintain two one-room rural schools, one nine-room grade school and one twelve-grade school.

In spite of the limitations of size the county has a fine health program for its school children. I could take you out to the county schools with the county nurse who divides her time with a neighboring county and does a fine job in her periodic and special visits to the schools.

However, it is the health program maintained by the Grayling Graded district that supplies the main incentive for this article. A recent survey shows that the Grayling schools with an enrollment of less than 700 pupils has one of the few full time nurses in northern Michigan for class "C" or "D" schools.

Children up through the sixth grade are examined daily. Those in grades 7-12 are examined periodically and daily in times of threatened epidemics which during the past fourteen years have never been widespread.

Growth records are carefully kept and checked. Vision, T.B. and other tests are made with regularity. Clinics are held two or three times a year for pre-school and other children. Just about every type of preventative medicine possible is made use of.

The school nurse acts as a wise counselor for the young folks. Her office is a clearing point for the distribution of clothing—new and used—brought in by individuals and service clubs. Well over 100 boys and girls including children from the five school districts served by the Grayling schools are provided for. The local Kiwanis Club provides 90 bottles of milk a day for underweight and needy children and these are served in the nurse's room.

A copy of the 1946-47 Report gives positive proof that the program is not only unusual for a community of comparable size but that the health of the children is exceptionally well cared for by the school system.

Woman's Club To Present Minister

The Grayling Woman's Club will present Dr. Carl Martenson, D.D., of the First Congregational Church of Saginaw at the Memorial Church at 8 p. m., Monday, March 24.

Dr. Martenson has chosen as his subject, "Perils of Peace". The Woman's Club has announced that there will be no charge for admission and the public is cordially invited to hear the distinguished speaker.

"From Police Court to Pulpit" might well be used to describe the career of Rev. Martenson, Michigan-born minister, for it was as a shorthand reporter in the Detroit courts, taking testimony ranging all the way from larceny to murder, that he decided to enter the ministry. Able to take dictation at 175 words per minute, and to type at over 70 words per minute, he worked his way through Albion College by handling the correspondence of half a dozen professors, taking dictation afternoons, transcribing at night, and delivering the finished letters in the morning.

Graduating from Union Theological Seminary, New York, in May, 1932, Dr. Martenson served as associate minister with Dr. Frederick K. Stamm, of radio fame, who was then minister of the Clinton Avenue Congregational Church in Brooklyn, New York. Called to the First Congregational Church of East Orange, New Jersey, in 1935, Dr. Martenson spent nearly eight fruitful years in that city, coming to Saginaw in September, 1942.

During his Saginaw ministry, Dr. Martenson has been in wide demand as a speaker before luncheon clubs, women's groups, parent-teacher associations, conventions, etc. He has shown a marked interest in his community, and often speaks in behalf of needed improvements. Twice a year large audiences gather in Bradley House to hear his fall and spring series of Book Reviews.

Speak Vows In Church Service

In an impressive candlelight ceremony, read Saturday, March 15, at four o'clock at the Grayling Evangelical Lutheran Church, Miss Leone Charlene Jorgenson, daughter of Mr. and Mrs. Leo Jorgenson, repeated her marriage vows with William T. Johnson, of Bellevue, son of Mr. and Mrs. Henry Johnson of Battle Creek.

The single ring service was solemnized by Rev. Svend Holm in the presence of 35 guests. Miss Ingeborg Hanson, cousin of the bride, played Lohengrin's Wedding March.

Given in marriage by her father, the bride was lovely in an aqua dressmaker suit, accented with brown and white, and a corsage of white iris and snapdragons.

As her cousin's bridesmaid, Miss Betty Jeanne Mathewson chose a Copenhagen blue suit accented in white and her corsage was deep pink snapdragons. Johannes Jorgenson, also a cousin of the bride, was best man, and seating the guests was another cousin, Stephen Jorgenson.

Mrs. Jorgenson wore a green suit with brown and tan, and a corsage of yellow roses.

A tiered wedding cake topped with a miniature bride and groom marked the lace-covered bridal table at the reception held at the home of the bride's parents following the ceremony. The cake was guarded by white tapers in silver holders. Mrs. Charles Wilbur, the bride's grandmother, and her aunt, Mrs. Earle Mathewson, presided at the table, assisted by Mrs. Hurl Dorn and Mrs. Van (Cor'tau) (re Eight)

Ex-Governor Confident of Future, Says Local Bottler

That his confidence in American private enterprise and the future of this state and the nation is unshaken, declared Wilbur M. Brucker, former governor, before the thirty-sixth annual convention of the Michigan Bottlers of Carbonated Beverages in Detroit, March 2-5, according to Marshall Brehm, bottling plant owner here, who with Mrs. Brehm and William LaGrew, just returned from the meeting.

Brehm said that convention reactions generally for the near future were highly optimistic. The local bottler also pointed out that the beverage industry has grown steadily since 1941 despite wartime restrictions, and now, with shortages easing, the outlook is brightening, he concluded.

Kiwanis Club Notes

This week's meeting of the Kiwanis Club of Grayling was mostly taken up in a discussion of plans for an old-fashioned box social and square dance the club intends to have on April 19.

John Peterson and Fred C. Welsh were appointed to make arrangements for a place to hold the get-together, while Frank Bond and Jerome Kessler were to arrange for music and a caller. Earl Giegling and Emil Giegling are to handle the box lunch and of the party, with Burns as auctioneer. Alfred Sorenson and Dr. J. F. Cook will handle some special entertainment for the evening.

President Harley Russell of the Grayling Lions Club was a guest at the meeting and extended an invitation to Lieut. Governor Charles Moore and wife, Vice-President Robert Strong and wife, President Arthur Clough and wife and Secretary Emil Giegling and wife to attend the Lions Club Charter Night as guests of the new club. Other Kiwanians were also extended an invitation to attend.

The planned square dance and box social will be open to Kiwanians, their wives and one guest couple each. Further details will be announced later.

R. LEROY MILLIKIN ELECT- ED TO AYRSHIRE AS- SOCIATION

The unanimous election of R. LeRoy Millikin of Roscommon to membership in the Ayrshire Breeders' Association has been announced by National Secretary C. T. Conklin of Brandon, Vt. The ancestors of Mr. Millikin's herd of dairy cows trace back to the heather-covered hills of County Ayr, Scotland, from which the breed derives its name. There are now more than 20,000 herds of Ayrshires in the United States.

New Road Supt. On Job Here

Alva L. Hull is the new Superintendent of the Crawford County Road Commission who started here Monday morning as the past Superintendent, James Richardson, began his duties at West Branch of the Ogemaw County Road Commission.

Mr. Hull, who is married and has one son at Alma College, has been the Superintendent-Engineer for the Montmorency County Road Commission for the past six years. Prior to that he was the engineer for WPA projects in Montmorency, Alpena and Presque Isle counties.

Mr. Hull's wife is still residing in Lewiston, but they will move here to make their home as soon as a house can be located.

Good News For Veterans

World War II Veterans will be pleased to learn that the State of Michigan expects to be able to start paying the State of Michigan Bonus on April 1, according to R. W. Harms, Field Service representative of the Office of Veterans Affairs, State of Michigan, Lansing. Ten dollars is to be paid for each month of service in the United States and \$15.00 for each month of foreign service.

In filing for the bonus, servicemen must furnish a certified or photostatic copy of his discharge. Certified copies may be obtained from the county clerk, who already has the necessary forms. Miniature photostatic copies are not acceptable.

The American Legion and V. F. W. will assist the veterans in filing for the bonus just as soon as the necessary forms are available; in the meantime it would make the county clerk's work somewhat simpler if veterans will start getting their certified copies of their discharge now and not all wait till the last minute. Veterans are not to send in the original copy of their discharge when filing for the bonus.

Lions Club News

Members of the Traverse City Lions Club met with Frank Roth, Harley Russell and Leslie Hunter at Kalkaska to make arrangements for Charter Night, March 27. Traverse City is sponsoring the Grayling Club.

Seven men had filed to run for the three City Council posts in the Spring Election by the deadline Saturday noon. Earl Burns, Clarence Gross, and Roy Trudgeon, the incumbents, will be opposed by four veterans.

The four World War II veterans who are new to the city political picture are Don Gothro, Legion officeholder and assistant cashier of the Grayling State Savings Bank; Robert Hayes, owner of the Hayes Oil Company; Clayton McDonnell, a partner in the Grayling Flying Service; and William Tufts, owner of the Grayling Gas and Oil Company. All four served in the Army during the last war.

The race this year promises to be one of the most contested in years. Mayor George Burke and Councilman Edwin Carlson were elected to four-year terms at the Spring election in 1945 and their terms will not expire until 1949, at which time two councilmen will be elected.

The three men named by the electors on April 7 to take three council seats will be elected to four-year terms which will expire in 1951.

The vote is expected to far outnumber the 237 ballots cast in the 1945 spring election, when four incumbents who were running were returned to office and Roy Trudgeon was elected to the fifth post caused by the retirement of Roy Miles. Gross and Burns will be out to win a third term, while Trudgeon is making his second bid for office.

With seven men seeking three posts, political observers in the city expect a wide split in voting, with no one candidate appearing to be a top-heavy favorite.

Several other men expected to file for the race did not make an appearance at the City Office by the Saturday noon deadline, leaving the field to the before-mentioned group. At one time it appeared as though as many as ten or twelve might be in the running.

Newberry - How- ard Nuptials

Miss Beatrice Elizabeth Newberry, daughter of Elder and Mrs. Roy Newberry of Frederic, spoke her marriage vows with Elder Merle Howard, son of Mr. and Mrs. B. A. Howard of Okla., at the Re-Organized Church of Jesus Christ of Latter Day Saints, Saturday, March 15. The church was prettily decorated with baskets of white carnations, white snapdragons, ferns and cedar boughs.

The Elder Allen Scheurer officiated at the rites in which the bride was given in marriage by her father. Mary Lou Doremy of East Jordan provided the bridal music, singing "Indian Love Call," and "Bridal Chorus," accompanied at the piano by Miss Kathleen Barker of Flint.

The bride's dress was a floor length model of white slipper satin with a long train. With this she wore a veil of double white silk illusion net, lace edged, held by a cap bandeau with rhinestone settings. Her shower bouquet of an all white calla lily circled with carnations, roses and gladiolas, was tied with white ribbon streamers.

Attending her was Miss Virginia Cziok of Milwaukee, Wisconsin, who wore pink chiffon and carried a bouquet of pink carnations, yellow daffodils, white gladiolas and white carnations. Kenneth Yarrington of Midland served as best man.

For her daughter's wedding, Mrs. Newberry wore a navy ensemble with pink trim and her flowers were pink and white. The bride's grandmother, Mrs. Nettie Demary, wore black, trimmed in green.

For her going away suit, the bride chose medium blue gabardine and wore a corsage of gardenias and roses tied with a white ribbon.

The bride is a Frederic High School graduate of the class of 1941, and a 1944 graduate of Hurley Hospital School of Nursing at Flint. She served as a nurse 18 months in Korea and Okinawa. A reception was held at the home of the bride's parents, Saturday evening. The couple will be at home at 2046 E. Ashman Street in Midland, Michigan. Congratulations are extended to the happy couple by their many friends.

Frederic News

Some change in temperature. Mr. and Mrs. E. A. Corsaut were in Bay City last Saturday. About 32 friends of Miss Beatrice Newberry had a bridal shower on her last Wednesday night. Games were played. A delicious lunch was served. She received many lovely and useful gifts. March 15 was the date set for her wedding to Elder Merle E. Howard, Pastor of the Re-Organized Church of Jesus Christ of Latter Day Saints in Midland. Congratulations to the happy couple.

Those here last week for the Newberry-Howard wedding, from out of town, included Mrs. Nettie Demary, grandmother of the bride, of Bentley; Kenneth Yarrington of Midland; Mrs. Virginia Ciolek of Milwaukee, Wis.; Miss Mary Lou Dorency of East Jordan; Miss Kathleen Barker of Flint. Robert Leng of Ashtabula, Ohio, is visiting at the Wm. Lengs. Gilbert Cram of Detroit was home last week-end. Miss Alberta Murphy visited in Bay City last week. Harry O'Dell of Detroit is visiting his parents and sister, the Jay O'Dells and Mr. and Mrs. Carl Olson. Lyle Dunckley was in Owosso the first of the week on business and saw Citizens' Caucus was held March 17 at Town Hall. Those running for office are: Supervisor, Ray Murphy; Clerk, Percy Harmer; Treasurer, Chas. Craven; Justice (2 years) Harry Higgins; Justice (4 years), C. S. Barber; member Board of Review (4 years), Erv Roe; Township Comm., Ray Murphy, Al Kaiser, Liland Charron. Little Linda Bigham is quite sick at this writing. She is the daughter of Mr. and Mrs. Jack Bigham, Jr.

WAR II VETS PICKET IN OHIO... Approximately 1,000 veterans of World War II marched on the Ohio capital, Columbus, to apply maximum pressure on authorities for a speedy solution of veteran problems. Arriving by bus, train and "thumb," they attended meetings of the legislature. A committee called on Gov. Thomas J. Herbert, veteran of World War I. The group marched with placards displaying their problems and wants, as shown above.

Lovell's Notes

Village Caucus was held Saturday afternoon at the Town Hall, and the following officers were elected for a term of two years: Wm. Miller, Supervisor; Ray Du- by, Clerk; Edith Hartman, Treasurer; Justices of the Peace—Clar- ence Stillwagon and Paul Loeff- ler; Board of Review—Robert Steckling and B. Mundt; Constables—Charles Kellogg, Joe Gard- opee, Gus Middleton.

Mr. and Mrs. Richard Corven and Mr. and Mrs. Wm. Foss, of Ann Arbor, spent the week-end at their place, just east of Lovell's. The two men have purchased the property formerly owned by the late Clark Ferguson and will be making frequent trips here. All welcome these newcomers. Schools having been closed in Grayling for a few days, Margaret Douglas and Mrs. Ruth Caid were home for that period, the latter caring for her husband who has been on the sick list.

Mrs. Arthur Lake and young son Jerry, of Flint, spent a few days visiting with the former's parents, the Joe Gardopees. This is young Jerry's first visit at Grandama and Grandpa's home. Cheerful Givers met last week with Mrs. Joe Gayers, the ladies being present. The next meeting will be at Mrs. Hartman's home, and the birthday of Anna Clark will be observed.

South Branch

Several people of our community are ill.

Mr. and Mrs. Robert Phillips were in Traverse City, Tuesday. Mr. and Mrs. Raymond Peterson and family, who are vacationing in Florida, are spending some time with Mr. and Mrs. Ora Billman at Bradenton, Fla., before coming home.

Word has been received from the Brunts, who are spending the winter in Texas, that Mr. Brunt has been quite ill, and as soon as he is able to travel they will start for Michigan.

Robert Phillips returned from Florida, Saturday. Mr. and Mrs. P. H. Legg were in Lake City, Friday and Saturday, visiting the Dick Price family.

Mr. and Mrs. Jack Feldhauser (Dorothy Jane McGillis) of Grayling are the proud parents of a baby boy.

Porter Royce and son Bobby made a business trip to West Branch, Friday.

There will be Sunday School at the South Branch Christian Church next Sunday, if the weather is nice.

The Ladies' Aid will meet at the home of Mr. and Mrs. Elmer Blumenschein, on Friday evening, April 4. This will be the last evening meeting this winter.

With the season's final night only three weeks away, Green's Tavern squad of Roscommon is holding a slight one-point lead over Gierke's Hi-Speed, with Ron's Hardware only 4 points behind. From fourth place Jarmin's Insurance with 52, to the Avalanche in seventh with 49, the difference was 3. Only 9 points separate the league leaders from 7th place, and the year's title is still far from decided.

Dave Cook captured both high single and high series with scores of 253 and 533, the past week. Neither score threatened the year highs. Cherven continued his rule in the average list with 176 — followed by Roy Milnes with 172 and Dave Cook with 170. Harold Jarmin held down fourth with 169, while Sam Rasmussen and Al Cariveau share fifth with 168 and Carl Nass and Doc Mantzowka split sixth with 166 each. Char- ley Papenfus is seventh with 164, while eighth place has three contenders — Bill Sterling, Johnny Johnson and Larry Galehouse — all with 163. E. Smith is ninth with 161, and Herman Bertl is in tenth place with 160.

Dorothy Hayes captured high single honors for the week with a 192 and three-game series with 480. Clara Sorenson's single of 199 and Erma Burtch's series of 539 are still the season's best efforts.

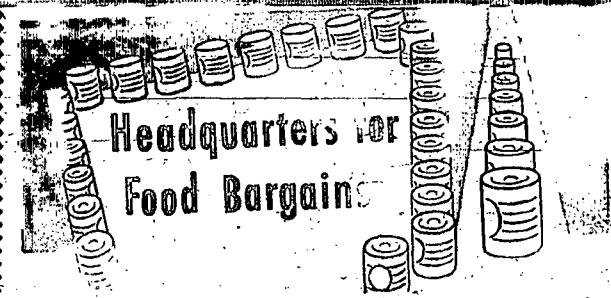

Erma still leads the average race with 146, with Clara Sorenson in second with 140. Margrethe Nielsen and Ann Cariveau are tied for third with 138 each.

The women's bowling banquet has been changed to April 8, due to the fact that the first date selected falls during Holy Week. There will be a meeting of team captains at Dot Hayes' home on Friday, March 21.

Weekly News-Letter

From the Desk of Representative Emil A. Peltz.

The hand of death reached into the House chamber last week and took from our midst Representative Edson V. Root, from Paw Paw. Serving his seventh term in the legislature, and chairman of the Committee on Education for many years, Mr. Root was highly respected by all who knew him. He was a distinct friend of the schools and a firm believer that all children of the State should have an equal opportunity for an education. His guidance on legislative matters and his advice were highly valued by his colleagues.

members of the legislature. His passing is a distinct loss to the legislature and to all the people throughout the entire state. His death came Thursday morning in his hotel room, and the House and Senate respectfully adjourned for the day.

It appears that a 2 mill property tax is gaining much support in the House and Senate taxation committees. This 2 mills would be taken out of the local tax allocation boards, with but 13 mills to distribute. It must be understood that this levy is not an increase in taxation. Those favoring the proposal feel that the local tax allocation boards could easily take the 2 mills out of the local school and township allocations because of the huge sums that both units will receive from the Sales Tax diversion amendment. State figures show that the townships would still be receiving from four to seven times as much money as they received before. The bill as introduced would levy a 2 mill tax, but it appears that this will be reduced to 2 mills before being reported out of committee.

Interest in the bow and arrow deer season is growing steadily. There is now some opposition to the bill, but, judging from the correspondence received this is still much in the minority. It is still too early to tell whether or not the three counties — Roscommon, Oscoda and Montmorency — will remain in the bill. The House Committee on Conservation will make this decision in the next few weeks. Meanwhile we are receiving numerous reports of early deer starvation. Feeding operations are in progress at Lewiston and Mio. Mio reports 200 bales of hay being hauled out every day. This is very expensive, and while it might relieve the starvation situation in some instances, it is impossible to reach all the starvation areas by this method.

At the request of a number of the Boards of Supervisors in the district, the writer and others introduced a bill providing an additional two-cent tax on gasoline for highway purposes. The measure provides that 45 percent of this additional tax go to the State Highway Department, 35 percent to the County Road Commission, and 20 percent to the cities and villages. It is believed that motorists pay for better roads whether they have them or not. The upkeep of an automobile is much greater on a gravel or dirt road than it is on a hard-surfaced road. The cost to the motorist would be approximately \$1.00 additional per 1,000 miles. Michigan is low on gas tax as compared to other surrounding states. Your comments on this will be greatly appreciated.

The Byrd Expedition...

The present Navy-sponsored expedition to Antarctica, under the command of Rear Admiral Byrd, who pioneered scientific research in that vast region, is a significant illustration of the enormous changes that are taking place in the world. It is a distinct possibility that if another war comes, it may be fought in part in Arctic and Antarctic. The current expedition, therefore, is designed to test men and machines under simulated combat conditions in extremely unfavorable weather and terrain. And it is further designed to carry on metallurgical, meteorological and other explorations which may prove to have great economic as well as military importance.

Some discoveries of moment have been made. It has been found, for instance, that the combat efficiency of a man declines about 2 percent for every degree of temperature below zero. At 50 below, therefore, his efficiency is reduced to nothing — all his mental and physical processes must be devoted to the basic job of keeping alive.

It has also been found that weapons reacted differently in the Antarctic under extreme cold than they reacted under artificial test conditions at the same temperatures. Apparently there is a different chemical reaction when cold is prolonged, as against when it is of only brief duration.

The expedition is a distinct contribution to hemisphere defense — and the facts produced will help make possible the long-range planning which is the principal duty of our military establishments in time of peace.

A MESSAGE FROM
THE
SECRETARY OF WAR

Now you
can help
YOUR ARMY DO ITS
PART FOR PEACE

With the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace — all are bound up in this decision.

This is your Army, and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily — to do his part in carrying out your country's world-wide obligations to build a peace that will endure.

Emil Giegling has purchased the Robert Roblin home on the corner of Ottawa and Maple streets.

There will be a special hat showing Friday and Saturday of the new combinations and patterns for bobbed hair. Hat Shoppe.

Miss Marge Woods, who has been employed at the Michigan Central repair office as stenographer, left Saturday for Bay City to accept a similar position.

Miss Helen Pratt and Raymond Beck were united in marriage at the F. M. Church Tuesday evening amid a number of friends. Martin Maxwell performed the ceremony. The bride was formerly a Lewiston girl.

Ernest Bissonette was surprised on his 21st birthday when fourteen of his friends came to his home Monday evening.

Harry Gregory of East Jordan arrived in Grayling Saturday to accept the position of pharmacist at the Lewis Drug Store, taking the place of Howard Granger who was taken ill while in New Orleans and will not be able to return to work for several months.

There is a demand right now in Grayling for modern homes. Even people of moderate means want the comforts of such homes and are entitled to them. This taking a bath in a wash tub is passe, just the same as oil lamps, mussy heating stoves, outdoor toilets, etc. Landlords should put their property in fit shape. Tenants are willing to pay a fair price for homes that have the necessary comforts.

Z. Alvin Goff of Lovells purchased one of the Jennie Freeland Estate houses Wednesday. He and his family will move in just as soon as the present occupants, Mr. and Mrs. Ernest Larson, can vacate it. Mr. Goff is the owner of the Lovells Fox Ranch, located on Big Creek, where he has a large stock of thoroughbred silver foxes and other valuable fur-bearing animals.

Billy Miller fell while playing at the school gymnasium this morning and had the misfortune to break his arm at the wrist. He is the son of Mrs. Carl Whipple.

Fr. Bosler is to leave Grayling for a parish in Rosmus, Michigan, and Fr. Joseph Culligan of Alcona is to be the new pastor at St. Mary's.

Wilhelm Nelson, son of Wilhelm Nelson, Sr., was united in marriage to Miss Dagmar Jensen at the Danish Lutheran Church, Tuesday evening, by Rev. Kjolhede. Mr. and Mrs. Carl Nelson attended the young couple. Following the ceremony the wedding party went to the home of the groom, where a delicious wedding supper was served, just relatives being guests. Mr. and Mrs. Nelson will operate the Tony Nelson farm, formerly the Burton farm, expecting to move onto same soon.

Rev. Kjolhede observed his 80th birthday March 16, and in honor

of the occasion his congregation gathered at Danebod Hall. Rev. Kjolhede has been pastor of the Grayling church since 1908.

State Has But One Specimen of Huge Tree

Michigan loggers did such a thorough job on the forest giants that once were commonplace here that when the American Forestry Association finished a six-year nationwide canvass for the largest specimen of each of 249 tree species, Michigan had only one winner—a big shadbush or Juneberry. Ordinarily only a shrub, the big Juneberry found near Unadilla, Washtenaw County, is 50 feet high, 7 feet in circumference.

Prize big trees were found in 44 states. Maryland leads with 34, each largest of its species. But in Michigan, no pines, maples and birches have yet been located and measured that compare in size with those in other parts of the country.

STORIES OF HOW NAMES HELPED MAKE AMERICA GREAT

THANKS, MOM FOR LOANING ME A SHEET FOR MY CIRCUS.

YOU'RE REALLY LUCKY, BILLY. SHEETS TODAY CAN TAKE PLENTY OF HARD USE.

MANY YEARS AGO SHEETS WERE UNKNOWN. ANCIENT GERMANS SLEPT ON GRASS.

YEA, BUT WE MUST NOT COME NEW CHINA. 1850 AND NEW AND VERY COILED.

IN THE MIDDLE AGES SHEETS OF LINEN WERE A LUXURY FOR ROYALTY.

THIS PIECE OF LINEN IN THE BED, TO BE USED. EXTRA! UNDERNEATH THE COIL.

OUR NAME MEANS FIRST QUALITY SHEETING. NOW IT WILL MEAN LET'S TRY OUR HANDS AT THEM.

IN THE 1850'S, WOMEN BOUGHT CLOTH BY THE YARD AND MADE SHEETS AT HOME.

SHREWD HOUSEWIVES IN THOSE DAYS BOUGHT UNBLEACHED MUSLIN SHEETS.

YOU CAN JUDGE THE WEIGHT AND GRADE OF UNBLEACHED CLOTH BETTER.

THESE SHEETS WILL BLEACH WHITER IN THE SUN.

READY-TO-USE SHEETS WERE INTRODUCED IN THE 1880'S.

CUSTOMERS WANT SHEETS ALL MADE UP AND READY TO USE. LET'S TRY OUR HANDS AT THEM.

COMPETITION BETWEEN BRANDS LED TO IMPROVED CLOTH AND PACKAGED SHEETS IN MANY DIFFERENT STYLES.

THESE PERCALE SHEETS ARE FOR MY HOPE CHEST. THEY'RE SO STRONG AND YET SO LIGHT.

HOW THE MANUFACTURERS ARE ABLE TO MAKE THEM SO GOOD, AND THEY COST SO MUCH LESS THAN WHEN I WAS MARRIED.

IT'S WONDERFUL.

WON'T THEY TEAR IN WASHING, MOM?

NO, BECAUSE THE PEOPLE WHO MAKE SHEETS TEST THEM BEFORE GIVING THEM THEIR NAMES.

Health NEWS

Fighting the Common Cold

Medical science is getting in some telling lies against the common cold, which holds the dubious distinction of being the No. 1 nuisance among human ills.

Not that this pestiferous ailment has been entirely whipped, for the Medical Profession isn't ready to make any such claim. But Doctors of Medicine are working now on three methods for preventing colds, with encouraging results.

These are the use of germicidal ultraviolet light to kill airborne germs, glycol vapor and an army-developed oil emulsifying agent known as T-13. The latter is used in treating floors, walls, blankets, linens, etc.

Research work so far has been concentrated in schools, factories, barracks, and other places where numbers of persons gather. Results show striking reductions in the number of colds and you'll probably read more about the outcome of these experiments.

When we realize that colds account for 32 per cent of all home calls by Doctors of Medicine, we appreciate the importance of this research work.

In the meantime, however, the best advice for everyone is to continue to take every reasonable precaution to avoid colds, for they strike the strong as well as the weak. If you should "catch cold," stay home as much as possible. Bed rest is still the best treatment and it will prevent spread of your cold among others. Don't treat a cold lightly. It is often the welcome mat at the door of the house of pneumonia.

"Health News" is presented by your doctor of medicine as a health service of the Michigan State Medical Society.

It'll be Kaye's most elaborate musical so far.

Pat Buttram, comedian of the Saturday Night Roundup, wanted some patchwork quilts for his home, but the prices asked in antique shops appalled him. So he wrote to friends in Alabama who used to make quilts by the dozen and got started ordering quilts and couldn't stop. So now the situation's reversed—he's looking for customers for patchwork quilts.

Ezio Pinza, Metropolitan Opera star who has added greatly to his popularity by doing guest shots on the radio, has signed with United Artists for three years. You'll see him in "Carnegie Hall" before long; after that, in "Babes in Toyland."

Rise Stevens, star of the Sunday "Family Hour," tells this one on herself. One season when she was leaving Prague for an opera tour of Europe, Walter Surovy, whom she'd met there, said "Write to me when you have a chance. I'm collecting stamps." Not a line did he get from her, not a stamp. But he must have learned a more romantic approach somewhere — she finally married him!

Jim Backus, best known for his "Hubert Updike III" role on the Alan Young show, plans a club called "Millionaires Anonymous," says it'll be made up of busy radio stooges whose names don't mean much to the public, but whose weekly incomes pass the four-figure mark. Take Jim's case; besides his Friday night stint with Alan, he's frequently heard with Fibber McGee and Molly, Bob Burns, Jack Carson and Jack Benny.

Five-year-old Marcia Anne Northrop appears in Samuel Goldwyn's "The Bishop's Wife." Her mother, a Goldwyn Girl, appeared with Eddie Cantor in "Palmy Days" way back in 1931. So Marcia Anne has been enrolled as a Goldwyn Girl, class of 1960.

Three years ago Edgar Bergen and Charlie McCarthy broadcast from Mexico City, the first time a major commercial program had originated outside the U. S. Now, on March 16th, they'll do it again. The entire troupe, including Ray Noble's band and singer Anita Gordon, will be on hand for the broadcast.

Professor Quiz (heard now on Saturday evenings) tells the inside story of how he got his first sponsor. Ten years ago the network was trying to sell an elaborate, costly program; since it's good policy to offer an alternate program with the one they're trying to sell, it was decided to offer Professor Quiz as the sacrificial goat. So—the sponsor heard both programs, chose the Professor.

Now that John Garfield is no longer

er with Warner Bros., he's free to satisfy an ambition he's had for a long time—he wants to star in a British picture. Lilli Palmer, now working with him in "Body and Soul," has the same desire, and they're making arrangements to get their wish this summer. He'll be touring Europe with his family, and Miss Palmer and her husband, Rex Harrison, will be paying their annual six-months visit to Harrison's family in England.

Rough spots in new pictures; in "Golden Earrings" Marlene Dietrich takes a hand—and foot—in the battle between Ray Milland and Mervyn Vye, kicking, biting, scratching and hair-pulling. Veronica Lake doesn't go quite so far in "Salome"; just bites Alan Ladd's wrist and slaps his face. But he gets a chance to retaliate—kicks a chair out from under the lady.

BARNYARD ART... Without professional instruction, Mrs. Lowell Murphy of Bethany, Mo., executed this eye-catching landscape painting on the big double doors of the Murphy barn. Many motorists passing the farm stop to admire the mural. She works with common house and barn paints mixed with oils. She has turned down many offers to paint professionally, deciding to continue work on their own farm.

ODDS AND ENDS—Kirk Douglas and his wife have named the new baby Jack Andrew... Robert Mitchum can do a better job of palm reading than the average gypsy... Bill Cullen, winner of four CBS quiz shows, is conducting a series of radio production classes for the youngsters in his neighborhood, as part of the drive against juvenile delinquency... The inmates of San Quentin penitentiary have again voted "The Life of Riley" their favorite radio program... In San Francisco a cablecar accidentally hit an auto trailer; a sound crew recorded the resulting noise for Warner Bros. "Dumb Passage."

Industry May Make New Record in 1947

American industry will set new peace-time production records in 1947 unless more strikes disrupt operations. That is the consensus of business forecasters who have projected into the new year the rising trend of industrial output in the final half of 1946. The 1946 production trend swung sharply upward in the summer and autumn, after the ending of the great winter and spring strikes.

"I think you've got a fine voice, and if you get to New York and I can help you, look me up." That's what Ben Grauer, NBC's ace announcer, said to a vocalist with Ted Weems' orchestra a few years ago in a midwestern hotel. Recently Grauer took over as emcee on the "Supper Club," starring that vocalist, Perry Como.

When Bob Hope takes that so-called vacation in Europe this summer he'll go into Germany to do a few shows for the Occupation forces stationed there. Bing Crosby will be on the Continent at the same time, and may join him in entertaining the G.I.s.

Shades of Old Eli! The girl who's picked as Queen of the Yale Prom will be screen-tested, the test down to Hollywood, and if Jesse Lasky approves, she'll be offered the role of the heroine in his forthcoming "Miracle of the Bells."

Baritone Robert Merrill has signed to appear in eight legitimate plays in a stock company this summer. The Sunday afternoon RCA Victor star will screen test for a role in a Warner Bros. picture this fall, and wants to acquire some experience.

Lawrence Tierney got into movies the easy way—sitting in the reception room of RKO's talent department in New York, while a friend was interviewed for a job. He didn't get it, but Tierney was called in—and went west to play Dillinger.

Larry Simms, 12-year-old "Alexander Burnstead" on the CBS "Blondie" show, is doubling at the Metro lot; he's cast as a dazzling, uniformed young prince in the new Katharine Hepburn picture, "Love Story." He was in their "The Last Gangster" two years ago.

BILLY BRAND

STORIES OF HOW NAMES HELPED MAKE AMERICA GREAT

THANKS, MOM FOR LOANING ME A SHEET FOR MY CIRCUS. YOU'RE REALLY LUCKY, BILLY. SHEETS TODAY CAN TAKE A LOT OF HARD USE.

MANY YEARS AGO SHEETS WERE UNKNOWN. ANCIENT GERMANS SLEPT ON SKINS. YEA, BUT WE MUST GET SOME NEW SKINS. THESE ARE WORN AND VERY GOILED.

IN THE MIDDLE AGES SHEETS OF LINEN WERE A LUXURY FOR ROYALTY. THIS PIECE OF LINEN IS WHAT FOR THE BED TO BE USED. UNUSUAL IN THE COUNTRY.

IN THE 1850'S, WOMEN BOUGHT CLOTH BY THE YARD AND MADE SHEETS AT HOME. I WISH THEY'D SELL FULL-SIZED SHEETS. ARE FOR MY HOPE CHEST. THEN WE WOULDN'T HAVE TO SEW SO MANY STRIPS TOGETHER.

SHREWD HOUSEWIVES IN THOSE DAYS BOUGHT UNBLEACHED MUSLIN SHEETS. YOU CAN JUDGE THE WHISKEY AND GRADE OF UNBLEACHED CLOTH BETTER.

READY-TO-USE SHEETS WERE INTRODUCED IN THE 1880'S. CUSTOMERS WANT SHEETS ALL MADE UP AND READY TO USE. LET'S TRY OUR FIRST QUALITY SHEETS. MANDU AT THEM.

COMPETITION BETWEEN BRANDS LED TO IMPROVED CLOTH AND PACKAGED SHEETS IN MANY DIFFERENT STYLES. THESE PERCALE SHEETS ARE FOR MY HOPE CHEST. THEY'RE SO STRONG AND YET SO LIGHT. HOW THE MANUFACTURERS ARE ABLE TO MAKE THEM SO SOFT, AND THEY COST SO MUCH LESS THAN WHEN I WAS MARRIED.

WON'T THEY TEAR IN WASHING, MOM? NO, BECAUSE THE PEOPLE WHO MAKE SHEETS TEST THEM BEFORE GIVING THEM THEIR NAMES.

Health NEWS

Fighting the Common Cold

Medical science is getting in some telling licks against the common cold, which holds the dubious distinction of being the No. 1 nuisance among human ills.

Not that this pestiferous ailment has been entirely whipped for the Medical Profession isn't ready to make any such claim. But Doctors of Medicine are working now on three methods for preventing colds, with encouraging results.

These are the use of germicidal ultraviolet light to kill airborne germs, glycol vapor and an army-developed oil emulsifying agent known as T-13. The latter is used in treating floors, walls, blankets, linens, etc.

Research work so far has been concentrated in schools, factories, barracks, and other places where numbers of persons gather. Results show striking reductions in the number of colds and you'll probably read more about the outcome of these experiments.

When we realize that colds account for 32 per cent of all home calls by Doctors of Medicine, we appreciate the importance of this research work.

In the meantime, however, the best advice for everyone is to continue to take every reasonable precaution to avoid colds, for they strike the strong as well as the weak. If you should "catch" a cold, stay home as much as possible. Bed rest is still the best treatment and it will prevent spread of your cold among others. Don't treat a cold lightly. It is often the welcome mat at the door of the house of pneumonia.

Health News is presented by your doctor of medicine as a health service of the Michigan State Medical Society.

Pat Buttram, comedian of the Saturday Night Roundup, wanted some patchwork quilts for his home, but the prices asked in antique shops appalled him. So he wrote to friends in Alabama who used to make quilts by the dozen, found he could buy them for \$3.50 and got started ordering quilts and couldn't stop. So now the situation's reversed—he's looking for customers for patchwork quilts.

Eslo Pina, Metropolitan Opera star who has added greatly to his popularity by doing guest shots on the radio, has signed with United Artists for three years. You'll see him in "Carnegie Hall" before long after that, in "Babes in Toyland."

Rise Stevens, star of the Sunday "Family Hour," tells this one on herself. One season when she was leaving Prague for an opera tour of Europe, Walter Surovy, whom she'd met there, said "Write to me when you have a chance. I'm collecting stamps." Not a line did he get from her, not a stamp. But he must have learned a more romantic approach somewhere — she finally married him!

Jim Backus, best known for his "Hubert Updike" role on the Alan Young show, plans a club called "Millionaires Anonymous," says it'll be made up of busy radio stogues whose names don't mean much to the public, but whose weekly incomes pass the four-figure mark. Take Jim's case; besides his Friday night stint with Alan, he's frequently heard with Fibber McGee and Molly, Bud Burns, Jack Carson and Jack Benny.

Five-year-old Marcia Anne Northrop appears in Samuel Goldwyn's "The Bishop's Wife." Her mother, a Goldwyn Girl, appeared with Eddie Cantor in "Palmy Days" way back in 1931. So Marcia Anne has been enrolled as a Goldwyn Girl, class of 1950.

Three years ago Edgar Bergen and Charlie McCarthy broadcast from Mexico City, the first time a major commercial program had originated outside the U. S. Now, on March 16th, they'll do it again. The entire troupe, including Ray Noble's band and singer Anita Gordon, will be on hand for the broadcast.

Professor Quiz (heard now on Saturday evenings) tells the inside story of how he got his first sponsor. Ten years ago the network was trying to sell an elaborate, costly program; since it's good policy to offer an alternate program with the one they're trying to sell, it was decided to offer Professor Quiz as the sacrificial goat. So the sponsor heard both programs, chose the Professor.

ANDREA KING admits that "The Beast With Five Fingers," in which she stars, has its moments of horror. But she's haunted by one that for her tops anything ever seen on the screen. She was portraying Madame T. Barry in a when he was

er with Warner Bros., he's free to satisfy an ambition he's had for a long time—he wants to star in a British picture. Lill Palmer, now working with him in "Body and Soul," has the same desire, and they're making arrangements to get their wish this summer. He'll be touring Europe with his family, and Miss Palmer and her husband, Rex Harrison, will be paying their annual six-months visit to Harrison's family in England.

Rough spots in new pictures; in "Golden Earrings" Marlene Dietrich takes a hand—and foot—in the battle between Ray Milland and Mervyn Vye, kicking, biting, scratching and hair-pulling. Veronica Lake doesn't go quite so far in "Saloon," just bites Alan Ladd's wrist and slaps his face. But he gets a chance to allate—kicks a chair out from under the lady.

Annual Tax Sale

STATE OF MICHIGAN.

In the Circuit Court for the County of Crawford
In Chancery. No. 88.

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the April term of this Court, to be held at Grayling in the County of Crawford, State of Michigan, on the 8th day of April, A. D. 1947, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by said decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Crawford, State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. John C. Shaffer, Circuit Judge, and the seal of said Circuit Court of Crawford County this 13th day of February, A. D. 1947.

John C. Shaffer,
Circuit Judge.

Leo Lovely, Clerk.

STATE OF MICHIGAN.

In the Circuit Court for the County of Crawford
In Chancery.

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Crawford, in Chancery:

Muri K. Aten, Auditor General of the State of Michigan, respectfully shows unto the Court:

1. That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1933, as amended, and Act No. 126 of the Public Acts of 1933, as amended;

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said county heretofore bid off in the name of the State and thus held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent, and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

3. That extended separately in said schedule against each description of said lands are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed hereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four per cent and (d) \$1.00 for expenses, all in accordance with the provisions of the act first above mentioned;

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they are assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petitioner prays:

a. That within the time provided by law this court may determine and decree that the said taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended;

b. That within the time provided by law this court make a final decree in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land therein contained;

c. That said decree provide that in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount decreed against the same, shall severally be sold as the law provides;

d. That your petitioner may have such other and further relief in the premises as to this court may seem just and equitable.

And your petitioner will ever pray, etc.

Dated: February 5, 1947.

MURI K. ATEN,

Auditor General of the State of Michigan,

for and in behalf of said State.

STATE PARKS AND RECREATION AREAS

Michigan State Parks and Recreation Areas belong to the people of the State and are for recreational use of the public. Visitors are welcome. To prevent abuse and misuse of the privileges and facilities provided, the following rules and regulations governing public use are adopted under authority of Act 17, Public Acts of 1921, as amended by Act 337, Public Acts of 1927, Section 3-a, of such Act being quoted in part as follows:

"Any person who shall do or perform any act prohibited by such rules and regulations or shall fail, refuse or neglect to do or perform any act required by such rules and regulations concerning the use and occupancy of lands and property under the control of said Commission of Conservation, which shall have been made, promulgated and published as in this Act provided during the same time such rules and regulations shall be in force and effect, or who shall violate any such rules and regulations, such person shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$100.00 together with costs of prosecution, or to imprisonment in the county jail for not more than 90 days, or both such fine and imprisonment in the discretion of the court."

1. As used in these Rules and Regulations, the word "park" shall mean State Park or State Recreation Area.

2. It shall be unlawful to remove without written permission, to deface, or to injure any building, property, or vegetation.

3. Cans, bottles, papers, or other rubbish shall be placed in receptacles provided, and shall not be dumped and left on the ground or in lakes, streams, or springs.

4. Open fires shall not be started except in places designated for that purpose, and fires shall not be left unattended.

5. Riding of horses is prohibited on areas posted against such use and on beaches, picnic grounds, playgrounds, camp grounds, and foot trails.

6. Firearms shall not be carried nor had in possession unless unloaded in both barrel and magazine, except that this regulation shall not apply in portions of parks which are open to hunting by order of the Conservation Commission. Dogs shall not be left unattended.

MURDER IN PLAIN SIGHT

(Continued from Front Page)

ization is groggy from the effects of war. The convulsions of Europe are titanic in scope. The poison of fascism and virus of communism exist in every bomb-wrecked country.

Winston Churchill said he was not chosen to preside at the liquidation of the British Empire, but the world's "Pax Britannica" is fast disappearing. Bankrupt Britain looks to the United States to maintain the status quo. The trend of nationalization is strong throughout Europe; state socialism has supplanted old-style capitalism as a historical outcome of the most devastating human conflict the world has yet experienced. The new atomic age brings the shadow of catastrophic doom.

In contrast to the inflationary troubles of Michigan and other states, the world picture seems dark indeed. Little wonder that our industrialists are apprehensive over the future of American free enterprise when England has already nationalized the Bank of England, all coal mines, all aviation, and is now moving to nationalize inland transport, gas and electricity, tele-communications, and possibly petroleum. Private industry—cotton textile, ceramics, hosiery, boots and shoes, and others—will be under strict government control and regulation, if not outright ownership.

A hungry world depends upon American grain for much of its hope of survival. American responsibility as a world power has never been greater.

As Secretary of State Marshall recently declared, we face many and grave problems—the greatest of which probably is the role of American democracy in the survival of western civilization, and the possible showdown, should we undertake the staggering task, between democracy and communism.

This is the world struggle of the post-war world, that "new world" which we awaited so eagerly.

In contrast to this, the problems of the Michigan home front seem puny and small. We have our homes and our families, and our party shelves are not bare. Our worry of \$83,000,000 deficit and the prospect of new taxes seems to fade away to the vanishing point when we look over the horizon and see what confronts the rest of a weary world.

11. Drunkenness, profanity, fighting, indecent exposure of the person, or other disorderly conduct is prohibited.

12. The use of loud speakers or public address systems is prohibited except under written permission of an authorized representative of the Department of Conservation.

13. It shall be unlawful to sell, or offer for sale, beer, wine, or intoxicating beverages in parks.

14. The sale, or offering for sale, of eggs, milk, cream, butter, native fruits, native vegetables, ice, and newspapers by a vendor other than one operating under an approved concession lease is permitted if such vendor first secures from the park or area manager written permission specifying the items which may be sold and the locations in which sales may be made. All food items offered for sale must have been produced by the vendor and must conform to state food laws. All other vending, peddling, or advertising is prohibited.

15. Persons or groups desiring to camp must first obtain a permit from an authorized representative of the Department of Conservation. Permit may be refused to persons under seventeen years of age unless accompanied by an adult. Camping is permitted only in those areas specifically designated for that purpose. During the period when these rules and regulations are in force, by order of the Director of Conservation any park may be closed to camping, the number of camps in any park at any one time may be limited, or a time limit for continued occupancy by a camp in any park may be established. When any such time limit has expired, the camp must move from the park for not less than 24 hours before another permit for camping in the same park will be issued.

16. The use of buildings, facilities, or accommodations for organized group camping shall be governed by these rules and regulations and such supplemental controls as may be issued by the Director of Conservation.

17. Parks, or portions thereof, may be closed entirely or to certain uses using certain hours of each day, as may be determined by the Director of Conservation, and posted. During such hours, it shall be unlawful to enter or to occupy such closed areas contrary to posted regulations.

The park officer is in full charge of the park, with police authority. Inquiries, suggestions, or complaints can be filed with the officer or submitted in writing to the Department of Conservation.

By order of Commissioner of Conservation, Lansing, Michigan.

These rules and regulations shall be in force and effect until April 1, 1952.

HAROLD TITUS,
Chairman, Conservation Commission.

P. J. HOFFMASTER,
Director of Conservation.

Then, "I'm not going in with you. Things to do. Lots of them. Chin up, now. I'll see you tomorrow. Good-night."

"Good-night." She made an attempt at a smile. "And thank you."

He walked toward the Common, conscious that it had grown darker and wetter. There was a grim smile around his mouth. He pulled down the brim of his hat and turned up his collar against the icy wind.

St. James avenue was gloomy and deserted. A few shops showed dim lights, but the insurance buildings were dark. McCale glanced at his watch, surprised to find it nearly five. His brain was seething with conjecture and he paid no attention to occasional passersby.

There was much to do, and where to begin he knew not.

Of one thing he was sure, Curt Vallancourt had really loved Veronica Bigelow. Start with that fact. He had burned his bridges, carefully and conscientiously. Including Shari Lynn? He thought so. Funny what love will do for a guy. But he must have been aware of his antagonists—of their viciousness if what he intended doing became known. He was certain that he knew of his danger. He had woven his spell with the blackest of arts and had been caught at it. That was his undoing. He must have been conscious of playing a long chance those last few days. But he went to his death blithely all the same, even welcoming it in the knowledge that something fine had happened to him that had never happened before. He had been betrayed, however, by hope.

McCale was silently deriding the philosophizing he had been indulg-

Bits O' Talk

Mr. and Mrs. J. E. Bugby and daughter Jane and Jerry Sherman left Friday for Lorain, Ohio. Mrs. Bugby and Joan plan to continue to Erie where Jane will reside with her sister and husband, Mr. and Mrs. Norman May. Mr. and Mrs. Bugby will sail aboard the Steamer E. W. Pargny for the season and Mr. Sherman plans to visit his sisters in Lansing and Detroit before returning to Grayling.

Mrs. Robert Jackson returned to Grayling Wednesday after spending the winter in Oatman, Arizona.

Mr. and Mrs. Claude Parker and daughter Glenna, of Lansing, accompanied by Mrs. Marjorie Dugan, left Saturday for Tucson, Arizona, to visit another daughter of the Parkers, Mrs. Roy Hessicks, and husband. The Parkers expect to make their home in Grayling when they return.

Don't forget the Rural Caravan, which is to be shown at Gaylord at the State Highway Garage, March 22, 10 a. m. to 4 p. m.

GRANGE NOTES

The Grange is planning a benefit party, April 5, at 8 p. m., to raise funds to improve their basement. Anyone wishing to donate prizes or money for same may leave with Mrs. Frank Scrven. There will be a special prize of a 3-layer cake given away during the evening, and home-made doughnuts (made on the spot) and coffee will be served for a nominal sum.

The Grangers who were able to attend the special meeting, March 11, were very enthusiastic over the splendid work put on by the Grass Lake Degree Team, also the special music and vocal numbers rendered by Mr. and Mrs. J. Mudge and Mrs. June Gross. We are sorry illness kept many from attending.

We would like to have all the Grange members meet at the hall on Sunday, March 23, 2:30 to 5:30 p. m., for degree work practice.

CHURCH NEWS

SPECIAL NOTICE—Elder Percy Farrow of London, Ontario, a member of the Quorum of the Seventies of the Re-Organized Church of Jesus Christ of Latter Day Saints, speaks at the Grange Hall, Thursday night, March 20, at 8 o'clock. The public is invited.

Do Men Like Women?

Maybe you read that recent article in a national magazine, claiming that American men don't really like the company of women. They put them up on a pedestal and love them there.

But I wouldn't say that that was in our town. Look at any married couple—like the Cuppers. Jane wouldn't nag if Dee spent his evenings "with the boys"—but actually Dee likes nothing better than to stay home by the fire, having a glass of beer with Jane, playing cribbage, or just talking.

And when he does go out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Botkin's Garden Tavern, Jane is almost always with him (except when she's got a spot of basting in the oven).

From where I sit, respect doesn't rule out everyday companionship . . . and never should. They go together—essential parts of a successful marriage.

CAMERA DELIVERS FINISHED PHOTO IN ONE MINUTE.—Edwin B. Land, New York City, shows a positive print and negative just taken from the new camera that delivers a finished print in just 60 seconds from the moment it is snapped. The camera itself is an orthodox one, the secret being in the attachment to the back, which can be adapted to any camera. The attachment accommodates a role of printing paper in addition to the regular film. As the film is wound to the next frame after exposure, film and printing paper are brought into contact. Between them is a tiny sealed container of developing and fixing material. Pressure of the roller brings this material into contact with the film and the print is made.

VICTORY OVER DARKNESS . . . "Blind Activities and Recreation, Inc." is the name given to the group organized by Robert Anderson to aid the blind to find recreation in sports. Horseback riding, baseball, basketball, bowling are a few of the sports that Anderson and his friends have conquered. Even golf has its blind players. Above photos show the sightless men in various sport activities and how they score with courage and ingenuity.
